

# English for Speakers of Other Languages (ESOL)

These qualifications allow learners to focus their English language development on Reading, Writing or Speaking and Listening, as well as enabling them to gain a full-mode qualification covering all of these.

They have been developed in association with a range of providers and employers and are for learners living in the UK for whom English is a second or additional language.

The qualifications are available across five levels (Entry 1 to Level 2), allowing progression through the levels.

Before joining a course, learners will undertake an assessment test to ensure they are placed in a class at the right level.
